

TECHNICAL SHEET

GRAIN SORGHUM – DOMINATOR

YOUR FIRST CHOICE IN AN UNCERTAIN SEASON – DOMINATOR DELIVERS

A very high yielding, medium maturity hybrid. Dominator is widely acknowledged as a consistent reliable performer that brings home solid yields where other more fancied hybrids have failed in tougher growing seasons.

WHO SHOULD GROW **DOMINATOR** ?

Any grower wanting a variety that will bring home the highest yields under good conditions, BUT won't let them down when growing conditions are less than favourable. Dominator can be grown on any farm in Australia, and is the perfect option to spread your risk. Dryland or Irrigation.

- Very Consistent and Reliable for Harvest Security
- Proven High Yields
- Will suit any farm – spreads your risk
- More and more grown each year
- Often suits red birdseed market
- Large very open head, easy to harvest
- Excellent pollen producer to combat ergot
- Proven weathering tolerance
- Midge Rating 5

MATURITY:	MEDIUM	TILLERING ABILITY:	MEDIUM - EVEN
HEAD TYPE:	OPEN	MIDGE RATING:	MT5
GRAIN COLOUR:	RED	STANDABILITY:	VERY GOOD *****
POLLEN PRODUCTION	EXCELLENT	O.P.REACTION:	RATING 1 SLIGHT
YIELD TARGETS:	2.5T/Ha – Over 10T/Ha	DISEASE RESISTANCE:	VERY GOOD
DROUGHT TOLERANCE:	VERY GOOD	HEIGHT:	MEDIUM
RECOMMENDED PLANT POPULATIONS :	(PLANTS / HECTARE)	DTF (Early Plant)	70 - 75
MARGINAL DRYLAND	20,000 – 35,000	DTF (Late Plant)	68 - 72
AVERAGE DRYLAND	30,000 – 45,000		
GOOD DRYLAND	40,000 – 75,000		
IRRIGATION	100,000 – 150,000
