

PEGASUS_(MDY4680W)

Pegasus is HSR's new high yielding 116 CRM grain and silage dual purpose Hybrid. Bred for yield, disease tolerance and stress adaptability.

Pegasus has exceptional large cobs and grain and the ability to top end yield under both dry-land and irrigated conditions.

Pegasus produces large Prime Grain, ideal for stockfeed, silage and export.

Widely tested over the last three seasons. It has shown top end yield in this maturity group and exceptional stress tolerance.

Very large cobs, big grain which holds size under stress. On a medium height robust plant with great disease and stress tolerance.

Plant Type:

**116 Days CRM
Grain and Silage**

Yield Potential:

**Excellent yields with great
plasticity.**

Plant Height:

**Medium tall and straight plant structure.
Very leafy.**

Grain Type:

**Large, High Starch, Dent x Flint bright yellow
kernels. "Prime" quality for export ability.**

General Comments:

Exceptional Cob size and yield under stress.

PLANTING POPULATIONS

Dryland below 600mm

20,000 TO 35,000
(SILAGE 30-45 K) ESTABLISHED

Dryland above 600mm

35,000 TO 75,000
(SILAGE 45-80 K) ESTABLISHED

Full Irrigation

65,000 TO 90,000
(SILAGE 80-95) ESTABLISHED
